

Asociación Latinoamericana de Supermercados

**SUPERMARKETS IN LATIN AMERICA, THE CARIBBEAN AND THE UNITED STATES  
IN ALLIANCE TO DEFEND AND ENHANCE REGIONAL RETAIL**

The **Latin American Supermarket Association** with 18 members in fifteen countries throughout the region, represents both Supermarkets and Retail stores.

During the pandemic, stores have had to make an enormous effort to keep their services available for their customers, collaborators and suppliers. This action is ultimately basic and elementary for the day-to-day life of any human being.

The main priority of the supermarkets is the absolute compliance with the health and safety regulations established by our local authorities.

We have maintained the necessary sanitary protocols to maximize the safety of our workers and clients.

ALAS comes together to confirm and guarantee that strict compliance with all protocols and good practices allow us to operate in a responsible manner, mitigating any risk of contagion.

We urge the governments of our 15 member countries to promote economic recovery processes and preserve sources of employment for the continued development and growth of our region.

**OCTOBER THE 2ND, 2020  
-LATINOAMÉRICA UNIDA POR SUS SUPERMERCADOS-**

Cordially,

  
Christian Cieplik  
Presidente
